## Release notes

### **EudraCT Version: 8.0.3**

#### **Version Goal: Patch Release 3**

#### **Release Date: 20/06/11**

#### **Environment: Production**

#### **Release Contents:**

This release addresses an existing issue with Amendments functionality where Amendments are not displayed from current versions of CTA.

The release also includes fixes to address a number of other issues in the main application and in business validation rules (Schematron files).

Version content (testable functionalities/use cases)

Functionality / Use Case	Comments
BUC16 Enter Amendments Data	Updated to cover changes to ensure Amendments are correctly displayed from current versions of CTA and changes to the information displayed in the amendments summary.
BUC58 Validate Clinical Trial Application	Business rule validation (Schematron) fixes as described below.
BUC55 Validate 3 <sup>rd</sup> Country CT Information	Business rule validation (Schematron) fixes as described below.

Issues resolved for this version are shown in the table below. The issues cover defects, functional and technical improvements.
